Dear Parents and Guardians,

Please be sure to review your Child's Report Card and Transcript.

Students who do not pass one or more core courses are encouraged to attend summer school to make up for lost credit. A Freshman must have completed a minimum of 6 credits to be considered a Sophomore. A Sophomore must have completed a minimum of 12 credits to be considered a Junior. A Junior must have completed a minimum of 18 credits to be considered a Senior.

- Two summer school options are available. Phase 4 and Waterfront Learning. Information for both programs are available on the high school website.
- All courses must be approved by your counselor prior to enrollment. This will ensure that you will be able to earn credit for any courses taken.
- Please email your counselor with the name of the facility that you are attending for summer school and the courses you plan to take for summer school. The counselor will then contact Phase 4 or Waterfront Learning with an approval email. The course will not be counted unless approval is given by the school counselor.
- Phase 4 will need the registration form and payment. The counselor signature requirement will be fulfilled through the counselor contacting the appropriate facility.

Please email your counselor at the following email address

Students with last names A-L Bethany Chicora-Lewis bethany.chicoralewis@sparksd.org
Students with last names M-Z Natalie Liptak natalie.liptak@sparksd.org

- No more than two credits may be taken in any one summer.

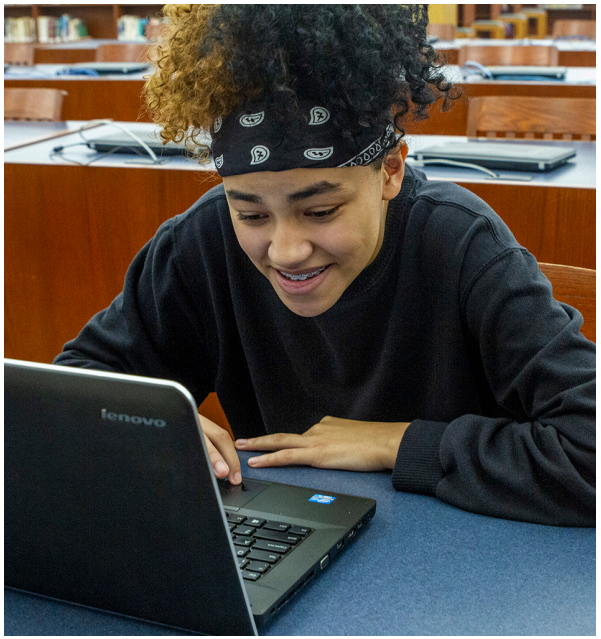
- South Park School District requires students to follow its grading scale and obtain a **65%** to pass each course taken.

- **No extensions will be available.**

Please contact the counselors or administration if you have any questions.

Sincerely,

Bethany Chicora Lewis, Counselor Natalie Liptak, Counselor



Guidelines

- It is the student's responsibility to receive written approval from his/her home district prior to registering for a course and paying tuition.
- No refunds shall be granted.
- Students must have access to a computer with internet service that meets the specified technical requirements.
- Students must follow their home district's Acceptable Use and Academic Integrity policies. Failure to do so can result in removal from the program with no refund.

Waterfront SUMMER SESSION

ENRICH + RECOVER + EXPLORE

Summer 2020

Waterfront Learning

Where Education and Innovation Meet

waterfrontlearning.com

Enrich

For students in grades 6–12 who would like to advance academically by taking additional courses over the summer. Enrichment courses are not condensed; student should allow enough time to complete a full year's worth of work during the summer session. The *approximate* time commitment is 15–20 hours per week for 10 weeks.

Recover Now!

For students in grades 6–12 who have already taken a course during the regular school year and need to improve their performance. Students have the opportunity to create a customized learning path through diagnostic testing. Students have four (4) weeks to complete the course and should commit *approximately* 10 hours per week. Recover Now! courses are **NOT NCAA** approved.

Explore

For students in grades 9–12 that would like to explore a new career or field by taking a course over the summer. Explore courses allow students to learn more about a career or field before committing to the field at a post-secondary establishment. The *approximate* time commitment is 10 hours per week for 10 weeks.

Elementary & Middle School Summer Bridge

NEW! For students entering grades 1–8 who wish to bridge the transition to the next grade level and enter their new grade level prepared, inspired, and confident. Depending on their individual goals and needs, students may choose Summer Bridge Courses in English Language Arts (ELA) and Mathematics, or a bundle of both courses. These non-credit courses are designed to provide a summer review and an introduction to key concepts that will be taught in the upcoming school year. The approximate time commitment is 5 hours per week, per course.

The Summer Journey

Waterfront Learning understands that each student has a unique set of needs when studying online. Our program will support your child through their journey with the support of highly qualified content teachers, advisement services, and tutoring support. Let us guide you through the summer course work with:

- Student support leaders to coach and advise students.
- Live office hours with teaching staff.
- Live, on-demand tutoring.
- 24/7 student access to course work.
- Self-paced and engaging lessons.
- Online parent access to student attendance and progress.
